

2020 Annenberg Election Study Panel  
Final W2 Questionnaire (English)  
06/15/2020 1130, 06/15/2020 1945

[AS OF 5/18/20 THIS DOCUMENT CONTAINS APPROX. XX ITEMS]

#### PARADATA

- Date of Interview [DATE]
- Total Time (start button to submit button) [TotalTime]
- Complete User Agent String [UAString]
- Screen Size (in pixels – vertical) [VerticalSS] (MOBILE TO START; OTHER TBD)
- Screen Size (in pixels – horizontal) [HorizontalSS] (MOBILE TO START; OTHER TBD)
- Operating System – which can in the end be derived from user agent string [DeviceOS]
- Overall Device type category: Phone, Tablet, PC, Other [DeviceCat]
- Breakoff points [TERMPPOINTS]

#### SAMPLE

ABS SAMPLE VARIABLES: TBD

TELOPS SAMPLE VARIABLES:

Sample Type:

1. Web
2. LL Phone Sample
3. CP Phone Sample

Respondent name

Respondent ABS ID

Other variables TBD

#### PROGRAMMING NOTE:

Display progress bar

Grayed-out (grayed out) questions are not applicable for the current wave.

INCENTIVE AMOUNT (<<\$INSERT>>):

**\$10**

#### GEOGRAPHIES FOR THIS WAVE:

- Florida statewide + Pinellas
- Michigan statewide + Macomb
- Pennsylvania statewide + Luzerne
- Wisconsin statewide + Kenosha/Racine
- ~~Montgomery County, OH~~

<b>Replicate 3</b>	June 30, 2020 11:59pm ET	30 de junio de 2020 11:59pm ET

**GLOBAL PROGRAMMING NOTES:**

1. The online survey will use the APPC Custom Logo. Study-specific revisions to the survey design will be made during the testing phase.
  - a. Font: GT America.
  - b. Respondents should be able to click anywhere within the radio buttons/check boxes or on the corresponding labels for those response options when selecting a response.
2. Each page of the online survey, including the [survey suspension page](#) (i.e. the page respondents see after they click the “Finish Later” navigation button), should contain the APPC custom logo, except for mobile devices. For mobile, display logo on landing page and survey suspension page only.
3. Display question numbers for testing purposes only. Do not display the section headers, question numbers, or other question labels for the live respondent survey.
4. Do not display "No answer" or "Web blank" categories unless otherwise specified.
5. Each question should be displayed on a new screen unless otherwise noted.
6. Include a progress bar.
7. Allow respondents to [1] finish the survey at a later time, and [2] resume the survey where they left off. Include a “Finish Later” navigation button.
8. Navigation buttons are labeled “<<Back”, “Finish Later” and “Next>>”. Back button should be on the left, Finish Later button in the middle, and Next button should be on the right.
9. Browser title should read: APPC Panel Survey
10. Grids:
  - a. Do not program list questions as grids unless otherwise specified.

**IF SPECIFIED TO PROGRAM AS GRID:**

- b. For questions with multiple items, set up the question as a grid, with items down the left side and response options across the top from left to right.
  - c. HTML tables should be programmed in a way that column widths are set as proportions of the screen size. This will allow content to adjust to different browser window sizes.
  - d. The table should be centered and be flexible to take up 90% of the browser width, with the size determined in percent to maintain the relative column width.
  - e. Response columns should be of equal width.
  - f. If possible, we would like grids NOT to display table lines. Instead, rows for items should be shaded in a color that matches the design theme, and alternate between shaded row and non-shaded row.
11. For questions with “other-specify” options, allow respondents to select “Other” without forcing a response to be typed in the specify text box.
12. If question or response text is in bold, italics, or underlined, please do the same in the online survey.

13. Include variables in the data for:
  - a. All randomizations and rotates.
  - b. Overall LENGTH, measured in minutes, carried out to at least two decimal places.
  - c. Start date.
  - d. End date (if applicable).
  - e. Start Device type (device on which the respondent is began the survey).
  - f. End Device type (device on which the respondent finished the survey).
  - g. Browser type.
  - h. Number of times the respondent entered the survey.
  - i. All variables from the sample file (if applicable), including geocodes (longitude/latitude).
14. Allow respondents to skip questions – Do not force responses, unless otherwise indicated. After skipping a question, respondents should be taken to the next question they are eligible to receive, unless otherwise specified.
15. Please code any skipped questions for a question that a respondent saw as a “997 Web Blank”.
16. Error Messages for skipped questions: In general, respondents should be able to skip any question. However, we would like an error message to show up for respondents:
  - a. For the first four (4) skipped questions;
  - b. For any elements that are skipped in a grid-type question.
  - c. For questions with “other-specify” options and the respondent left the OS text box blank.

The following error message should be shown above the skipped question: ***“Your answers to these questions are very important to us. Can you please take a moment to review your responses below for completion?”***

The respondent should be allowed to skip the question after this message is shown; they should NOT be required to answer the question before moving on after the error message conditions outlined above are met.

17. Footer for each page, displayed in a smaller text font, should contain the following information:
 

For additional instructions on how to complete this survey, [please click here](#). [PN: Clicking the link will open a separate browser tab that contains the survey instructions in the TEXT FOR HELP LINK]
18. We would like to be able to look at non-response by question by interview. For the overall %, we want to create a variable (COMPRATE) to show the completion rate where:
  - a. Numerator: “Total number of questions that should be seen by a given respondent (Sum of questions with any response other than a MISSING response)” **MINUS** “Total number of questions skipped”
  - b. Denominator: “Total number of questions that should be seen by a given respondent (Sum of questions with any response other than a MISSING response)”

$$CompRate = \frac{Numerator}{Denominator}$$

**[TEXT FOR "HELP LINK" INSTRUCTIONS]**

**NAVIGATING:**

Do **not** use the browser's back button or browser menus while taking the survey. To move from page to page, use the navigation buttons at the bottom of each screen. On the bottom of each page, there are 3 buttons to help move you through the survey:

"BACK" to go back to an earlier question.

"NEXT" to go to the next question.

"FINISH LATER" to temporarily stop taking the survey.

**ANSWERING QUESTIONS:**

Please answer EACH question by selecting the item or category that best describes your response.

To select responses in questions with buttons, click on the button beside your response. If a question asks for a text response, click in the box and begin typing.

**FINISH LATER:**

When you wish to resume, return to the link you were provided, and it will take you to the last question you answered.

**[TEXT FOR "FINISH LATER" LANDING PAGE]**

Your responses are important to us. We hope that you'll come back later and finish the survey. When you wish to resume, return to the link you were provided, and it will take you to the last question you answered.

**[PROGRAMMING MESSAGES]**

- Please select one.
- Please select all that apply.
- Please enter a response in the '(Specify)' box.
- Please select your answer.
- State and ZIP code don't match. Please try again.
- Please do not select an option when entering response(s) in the box(es).
- Please don't select 'Don't know' AND 'Refused'. Select only one.
- Please enter valid 5 digit zip code.
- This doesn't appear to be a valid zip code.
- Please do not select "Working full-time" if you also select "Unemployed."

# 2020 ANNENBERG ELECTION STUDY

Subject: APPC Panel Survey - Final Reminder  
Font: Verdana

Dear [INSERT NAME], *(PN: If no name given, insert "Panelist")*

Thank you for being a part of the 2020 Annenberg Election Study Panel. Our records indicate that you have still not completed the survey. ~~In order to continue being a part of this study and receive invitations to future surveys, please~~ **Please respond by (INSERT FROM DEADLINE TABLE).**

If you have already completed this survey, please accept my thanks. You will receive \$10 compensation for your time.

[Click here to take the survey](#)

Your opinions are important to the success of this study and we look forward to your continued participation. The survey is about current events and the 2020 presidential election. It should only take about 20 minutes to complete.

Your responses will be kept completely confidential and secure. You can take the survey online via your computer, tablet, or smartphone.

If you have more questions, you can reach out to me directly at [Dana.Wilson@APPC2020.org](mailto:Dana.Wilson@APPC2020.org).

Best Regards,

Dana Wilson
